

Big Commerce Questionnaire

Please fill out this form and return it to your TrueCommerce representative. The form fields below are editable if you are using a viewer that allows you to save the PDF.

We require the Information below to establish a connection to your BigCommerce Webstore. Please provide the store URL/ID. If you have multiple shops connected through your BigCommerce admin account, make sure to provide the URL we will be establishing our connection to. The URL will contain the ID associated with your webstore and should look like this:

<https://store-XXXXXX.mybigcommerce.com/admin>

We also require the Client ID and Password to configure your shops API Credentials. Please provide this information in the fields below.

Store URL/ID	
Client Id	
Access Token	

Connection Requirements

Which of the following will we be enabling for your marketplace?

Orders
