

WooCommerce Questionnaire

Please fill out this form and return it to your TrueCommerce representative. The form fields below are editable if you are using a viewer that allows you to save the PDF.

We require the Information below to establish a connection to your WooCommerce marketplace. Please provide the store URL. If you have multiple shops connected through your WooCommerce admin account, make sure to provide the URL we will be establishing our connection to.

Example: <https://www.wooxample.com/>

Store URL	
ConsumerKey	
ConsumerSecret	

Connection Requirements

Which of the following will we be enabling for your marketplace?

- Orders**
- Shipments**
- Inventory**

Note: There is no shipment logic native to WooCommerce. WooCommerce does offer several third-party extensions to meet different fulfillment use cases. Right now, TrueCommerce fully supports the After Ship extension.
